Marks and Spencer

It was truly inspiring to connect with such passionate and talented individuals who share my enthusiasm for data, people, and lifelong learning. The conversations, insights, and energy in the room were nothing short of incredible.

Volvo Penta

A very relevant conference with many good speakers. The setting with the limited number of participants gave good opportunity to interact both with speakers and other participants

Maersk Drilling

The event was truly inspiring packed with hands-on learning and meaningful conversations. Even the week after, I'm still reflecting on the insights and reviewing my notes to apply them at my company. I'm grateful for the experience, the connections made, and the opportunity to grow. Looking forward to what's next!

Knauf

The conference was very interesting and productive. The atmosphere was great thanks to limited number of the guests. I was able to meet specialists that helped me with my actual questions.
